DETAILED ACTION

Election/Restrictions

1. This application contains claims 14-16, drawn to inventions nonelected with traverse in Paper No. 063006. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

Claim Rejections - 35 USC § 102

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-9, 13 and 17-30 are rejected under 35 U.S.C. 102(e) as being anticipated by Jakob et al., for reason cited in the previous action.

Response to Arguments

4. Applicant's arguments filed 11/13/2006 have been fully considered but they are not persuasive.

5. Applicant argues that "the additional stabilizer of the aqueous copolymer poly(vinyl ester) dispersion may only consist of at least one polyvinyl alcohol having the degree of hydrolysis and viscosity limitations recited" in the claim. However, applicant is

Art Unit: 1713

reading more into the claims than what is actually claimed. While applicant requires that an additional stabilizer in the composition consist of the particular polyvinyl alcohol, the "comprises" language of the preamble allows for other stabilizers to be present in the composition, which may be another polyvinyl alcohol. Contrary to applicant arguments, the claims are not so limited as to preclude another additional stabilizer(s) from being used along with the additional stabilizer recited in the claims.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
